AI SCRIBE

Medlink Connect™ | AI Scribe is a cutting-edge transcription service tailored for Australian medical practitioners.

Designed specifically for clinic consults, our solution records your patient consultations and transforms every detail into accurate, gold-standard transcriptions and concise AI summaries – ready to integrate into your Practice Management Software (PMS).

FEATURES

Transform your consultation process with our robust, cloud-based transcription and summarisation service:

ACCURATE, GOLD STANDARD TRANSCRIPTIONS

Utilising the largest Medical Vocabulary available in any current Australian product, we ensure every vital detail is captured.

RECORD ANYWHERE: CLINIC, HOME, OR ON-THE-GO

Enjoy a browser-based platform and a mobile app for offsite recording, perfect for on-the-go consultations.

AI-POWERED SUMMARIES

Automatically generated summaries condense lengthy consults into easy-to-paste notes for your PMS.

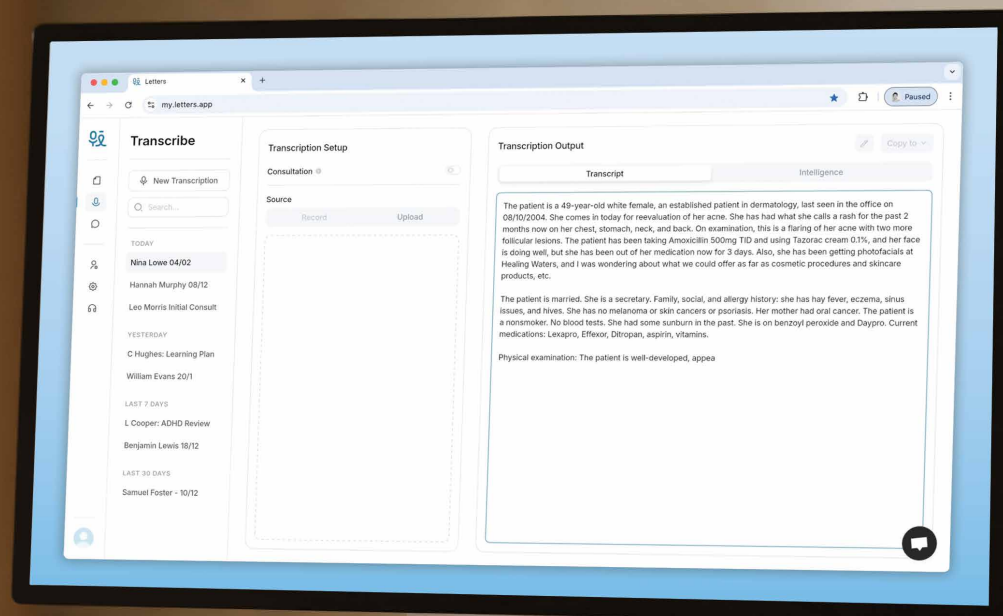

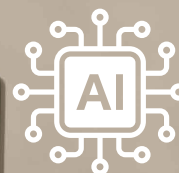

INCLUSIVE, COST-EFFICIENT PACKAGE

Every monthly subscription includes a high-end, multipattern omnidirectional professional microphone. No lock-in contracts – enjoy flexible month-to-month service at an ultra-competitive rate.

COMPETITIVE PRICING

At just \$79.00 inc GST per user, per month (microphone included), our pricing undercuts major competitors like Lyrebird AI and Heidi Health.

WHY CHOOSE US

Local Expertise & Partnership

Developed by the innovative team at letters.app in partnership with Medlink Connect™, both proudly Australian owned and operated. We combine industry expertise with dedicated local support to deliver a solution that truly understands your practice needs.

RACGP ACCREDITATION COMPLIANT

Our service is fully compliant with the Royal Australian College of General Practitioners (RACGP) accreditation standards for clinical documentation and privacy.

ROBUST DATA SECURITY

All data is encrypted and stored securely in Australian based data centres to ensure complete privacy.

LOCAL, RESPONSIVE SUPPORT

Benefit from dedicated support provided by Medlink Connect™ and the letters.app team – both with deep local market understanding.
