## Expert-Led Best Practice Training for Medical Teams

Medlink Connect™ | TRAIN offers tailored Best Practice software training, developed specifically for general practice clinics across Australia.

Whether you're onboarding new staff, refining workflows, or preparing for accreditation, our focused, role-specific sessions empower your team to get the most from your clinical software.

## FEATURES

### **STRUCTURED, ROLE-SPECIFIC MODULES**

Training sessions are designed for key user groups — Admin/ Reception, Management/Setup, and Clinical (Doctors + Nurses). Each session focuses on real-life workflows, shortcuts, and practical usage.

### **REMOTE DELIVERY – NATIONWIDE ACCESS**

All sessions are delivered via remote screen-share by experienced trainers. No travel required — simply book a time that suits your team.

### **CUSTOMISED FOR YOUR CLINIC**

Our team can tailor content to your processes, policies, and setup — perfect for new sites, team transitions, or compliance-driven upgrades.

### **COMPLIANCE & ACCREDITATION FOCUSED**

Training supports RACGP accreditation and data security standards, ensuring staff understand key audit and privacy workflows.

### **SESSION-BASED PRICING**

Each 2-hour session is flat-rate and includes unlimited clinic participants. No per-user cost, and no long-term contract required.

### **BACKED BY MEDICAL SOFTWARE SPECIALISTS**

Developed and delivered by trainers who work exclusively in the Australian medical space — we know Best Practice inside out.

## WHY CHOOSE US

### Local Expertise & Partnership

Created by Medlink Connect™, a trusted Australian provider of medical-grade software and services.

We understand the demands of general practice and build training programs that improve staff confidence, clinic efficiency, and patient outcomes — without wasting time.
